REPA

**Research and
Education Promotion
Association**

REPA is a not-for-profit and non-political association registered in Japan (Reg. No. 3600-05-006134) owned by a team of dedicated international researchers and scholars from more than ten countries. *We derive our vision from an extraordinary ambition; do not limit the challenges, but challenge the limitations.* As a leading and trusted association, we envision mitigating the real-life difficulties of mankind through innovative research and smart education. It gives us a sense of direction and destination. REPA owes its success to the bold declaration of elite scholars' support globally. We rely on available opportunities to contribute towards humanity at the national and international levels.

Humanity is our First Priority.

CEO of REPA

REPA Crossmark Policy

Crossmark is a multi-publisher initiative from Crossref to provide a standard way for readers to locate the current version of a piece of content. By applying the Crossmark logo, REPA (Research and Education Promotion Association) is committing to maintaining the content it publishes, and to alerting readers to changes if and when they occur.

Clicking on the Crossmark logo will show you the current status of a publication, and may also give you additional publication record information about the document.

Retraction and correction policy:

The REPA Journals and publications follow the rules and regulations set forth by international academic advisory organizations regarding peer review publication, correction, plagiarism, and providing adequate information.

Published articles/documents remain extant and exact, amendments will only be permitted to the published version at exceptional circumstances with charging the editorial cost (starting from 8,000JPY/ 75USD). Therefore, correction and modification will be made for serious errors with a negative impact on the quality and outcome of the reporting. So, any amendments in any circumstances will be reported within update information of changes and modifications.

The Editorial Office of REPA encourages authors to be fully aligned with publication guidelines and avoid misrepresentation of information in any form. For more information please visit below provided guidelines:
